Heron Hill Primary School

Special Educational Needs and Disabilities Information Report/Local Offer Response

Question	Answer
How does the school know if my child needs extra help and what should I do if I think my child may have special educational needs?	<p>We have close relationships with parents and our feeder nurseries. Class teachers are encouraged to raise concerns and have discussions with parents and relevant colleagues. All staff are aware of expected development at different ages and have expertise in identifying additional/special educational needs (SEN).</p> <p>If you have a concern about your child's development please raise this with the class teacher in the first instance.</p>
How will school staff support my child?	<p>Class teachers are responsible for the education of all the children in their class. They plan the education programme for children who have or may have SEN with support from the school's Special Educational Needs Coordinator (SENCO). Where appropriate, children may be supported by an additional adult. This support could be in class, in a small group outside the class or one-to-one with a teaching assistant.</p> <p>The school has a nominated governor for Special Educational Needs who reports directly to the governing body.</p>
How will the curriculum be matched to my child's needs?	<p>High quality teaching, differentiated for individual pupils, is the first step in responding to pupils who have or may have SEN. Additional intervention and support may be appropriate in some cases.</p> <p>This will enable your child to access the full school curriculum and any other activities provided, alongside their peers.</p>

<p>How will I know how my child is doing and how will you help me to support my child's learning?</p>	<p>In addition to the school's normal reporting arrangements, we also have an 'open door' policy to enable more informal and frequent conversations with you and your child.</p> <p>The progress of each child is carefully monitored and tracked on a regular basis. This, along with other information gathered, informs staff on the next steps for your child.</p> <p>Progress and targets are discussed as part of the school's normal reporting arrangements.</p> <p>In some cases, your child may require an individual support plan or behaviour management plan which will be drawn up in consultation with you and your child and reviewed regularly. For some children with profound and lifelong needs an Education Health and Care Assessment may be requested with advice and support from external agencies.</p> <p>Where appropriate, we signpost parents to relevant agencies within the communities who can offer further support to you and your child.</p> <p>Follow this link to view the Cumbria Local Offer.</p>
<p>What support will there be for my child's overall well-being?</p>	<p>A wide range of class activities plus small group interventions are used to support the wellbeing of children with SEN and to promote positive behaviour.</p> <p>The school follows statutory guidance in the administration of medicines and provision of personal care.</p> <p>We have a whole school Positive Behaviour and Discipline Policy which applies to all members of our school community. We have a zero-tolerance approach to bullying; our approach is outlined in our anti-bullying policy. Follow this link to access it. http://www.heronhill.cumbria.sch.uk/uploads/5/1/1/4/51148857/17_positive_behaviour_and_discipline_policy_17.pdf</p>
<p>What specialist services and expertise are available at or accessed by the school?</p>	<p>Our SENCO is a teacher who holds the National Award for SENCO Co-ordination from Edge Hill University.</p> <p>In addition, there is a wealth of experience and expertise in the school staff including those trained in Reading Intervention, Maths Recovery, Numbers Count, Team Teach and Paediatric First Aid.</p> <p>There is access to counselling and family support services for any child within the school. Referrals can also be made to other agencies including Paediatric Services, Child and Adolescent</p>

	Mental Health Service, Barnardo's, Educational Psychologists and Specialist Advisory Teachers.
What training is the staff receiving or have completed to support children and young people with SEND?	Staff share expertise through collaborative training opportunities within KCP as well as accessing local and national training. Individual staff development needs are identified and met as part of the formal appraisal process.
How accessible is the school environment?	Our school is on a single level with disability access ramps where needed. We also have disabled toilets. For more detail, please refer to the school's access plan. http://www.heronhill.cumbria.sch.uk/uploads/5/1/1/4/51148857/accessibility15.pdf
How will the school prepare and support my child to join the school or to transfer to a new school or the next stage of education and life?	We have strong links with local nurseries and secondary schools and with other local primary schools. Yearly transitions within school are carefully managed to support children's wellbeing. A range of transition strategies are put in place to support children at the end of key phases – e.g. transition plans, extra visits, holiday activities. Where possible new schools are invited to attend transition meetings to share information about your child and to ensure a positive transition. In all cases there will be liaison and communication between the schools.
How are the school's resources allocated and matched to children's special educational needs?	We aim to allocate resources appropriately to meet the needs of all children with special educational needs.
How is the decision made about what type and how much support my child will receive?	The decisions about the type of support your child needs will be based on discussions between all interested parties including you as a parent. Within the school budget there is an allocation for special educational needs. The Headteacher, SENCO and governing body make decisions regarding funding, which is regularly monitored and reviewed.
Does the school have a complaints procedure?	We have a formal complaints procedure which we are happy to share with you. Please ask us for a copy.
What are the contact details of support services for parents of children with special educational needs?	Cumbria SEND Information, Advice and Support Service (IAS) http://www.cumbria.gov.uk/childrenservices/schoolsandlearning/ils/parentpartnership/default.asp
